

Dear Sir/ Madam,

Kind Attention: Net4 India Registrants

National Internet Exchange India (NIXI), the .IN Registry took a note of the information on Net 4 India, one its registrars for **Country code domain “.IN”**, facing issues in maintaining domains. NIXI has investigated the matter and facilitated steps to ensured uninterrupted service to end users of .IN domain.

There are two areas where Net 4 India has to extend services to end user of domain “.IN”

- a. Renewal of domain by paying requisite fees.
- b. Name server and WHOIS update from .IN domain registry (NIXI) if any.

NIXI has decided not to discontinue the .IN Services for those .IN domain end users whose renewal is due. For Name server update, end users may send mails to following email ids to avail direct services (without help of Net4 India)

- support@nixi.in
- enquiry@nixi.in
- registry@nixi.in

NIXI has started permitting end users of .IN Domain to migrate to other registrars (other than Net 4 India). Since October'2020, NIXI till date has executed approx. 26350 such requests successfully and NIXI does not keep any waiting list of such requests.

For transfer request, you may submit following to support@nixi.in and enquiry@nixi.in.

a.) In case of Individual
